Cyber Resilience and Incident Response

After a threat is detected, how would I respond?

● Strengths ● Challenges/Gaps

Top Questions Boards are Facing

How do I deal with the board?

-  Do the board and C-suite demonstrate due diligence, ownership and effective management of cyber risk?
-  As a technology or data entity, how does the organization protect both Information Technology and Operational Technology?
-  Have we established an appropriate cyber risk escalation framework that includes BOD risk appetite and reporting thresholds?
-  Is the IT infrastructure focused on, and investing in, the right things? Is resilience being built into the networks and data flow?
-  How do our cyber security program and capabilities align to industry standards and peer organizations?
-  Do we have an organization-wide cyber-focused mindset and cyber-conscious culture?
-  What has management done to protect the organization against third-party cyber risks, both upstream and downstream from the organization?
-  Can we rapidly contain damages and mobilize diverse response resources should a cyber-incident occur?
-  How do we evaluate the effectiveness of our organization's cyber security program?
-  Are we helping to protect our industry, the nation and the world against cyber risks by taking a holistic approach to information sharing?
